RAJIV DAGA,
Managing Director

*At an Unbeatable
Position!*

Rajiv Daga, Managing Director of **Archidley Industries Ltd.** has been instrumental in boosting the capacity of **Redagar** plant within a time span of three years. In this process, vision of keeping the business and offering the products with low **formaldehyde** emission, company has been discussing **Leanmake** and **Alquora** with extended significance, referring to same as process plan.

Daga articulates "The idea came in going one step ahead in the process of company's transformation strategy and creating a new diverse design range of **MONARCHIAN** laminates. We are engaging more architects, Interior Designers and other design firms to make influence as an important part of the strategy for our expansion plan. Our sales focus is very strong especially in the **B2B** segment where we have built a massive distribution network that has provided us with an unstoppable market reach. **MONARCHIAN** apart from being eco-friendly, sturdy and produced with low emissions, goes through a stringent Quality Check resulting in a qualitative **Swedish Reference Product** (the **Swedish Green Choice**)".

The Go-To Interior Designing Partner with a Rich Legacy of 46 Years

MONARCHIAN, from the house of **Archidley Industries Limited**, is the premium quality product that not only fits the budget of its customers but also award presentation and best practices that follow **Archidley**, an entity established in **1976**. It has been providing a million reasons for its customers to choose their range of products from interior designing partners. A public listed company in **BSE & NSE** and **ISO 14001 & ISO 9001:2015** certified company, it also follows the regulations of India, US and Europe being an export also to more than **20 countries across the globe**. Existing products are awarded from many prestigious certifications which includes the requests of **Redstar** like **GREENGUARD**. The company is well aware of the market trends in the western panel market and understands how crucial it is to extend between the modernity and high quality of decorative surface products. From the technology front, **Archidley** always is the quality conscious and one step ahead of its competitors by awarding quality time on **R&D**. For the complete search on consumer behavior, the new age and products required for manufacturing an **eco-friendly** panel of wood veneer and engineers.

From the global wood and panel markets, we have come a long way in designing the products without pleasing them but ourselves.

Strong & Vast Presence

Ankshy also takes pride in its strong and vast presence across all states of India through 127 warehouses, 20 sales offices and close to 2000 dealer's network. Its presence in international markets is also growing every passing year.

Dalje acts "the solution as a one-stop solution provider for all the building requirements of our customers while focusing on providing more flexible production. Through our comprehensive factory to full material building needs through equipment."

The company comes up with products pre-installed in the market SAAR and developed with high-end chemical technologies.

ICI-KONARCHAM is the leading single company who develops a range of eco-friendly panel products along with which can design and supply along with gives the best performance for projects which are awarded from various countries.

True Teamwork

Across the supply chain of **Ankshy**, our commitment, right from the selection of raw materials to the operations in the factory and sales & marketing, has its own leadership qualities. It is the combined team-work efforts of **ANKSHY** employees as well as the supervision from the senior management that helps **Ankshy** in coming up with cost-effective and low-impact products in all categories. It is indeed in the team members who participate in a spirit of collaboration to try the machinery and product part of jobs to acquire first-hand knowledge that further help them in the R&D of various products.

Company Unique

Our Certifications

'Quality' has always been the defining factor behind our remarkable success. We're proud employees over the quality that we produce. The quality process starts right from the procurement phase (material selection) to our manufacturing and in-house supplies. Our quality inspection personnel test every product at each stage of production. It's only after the final assessment that we allow the best of the products and to other Power Brand clients.
