# Welcome to Hafele:

## *Fittings, Hardware and More!*

Sibylle Thierer,  
Managing Director of the  
Hafele Group of Companies

*"We provide more than  
just fittings and hardware:  
We provide solutions"*

You know Hafele to be a leading furniture and hardware fittings company. Along with providing fittings we are continuously developing new ideas, technology, products and services that add to and expand our range of products. All with the aim of providing you with made-to-measure, economical solutions that will make you more competitive.

*"We optimise the way  
you procure hardware  
and furniture fittings."*

You will achieve more with a stronger partner. The Hafele advisers and representatives are specialists in all aspects of hardware and furniture fittings. They will advise and look after you in a professional manner - in planning, selection and processing.

*"Providing you with  
value-added service."*

Hafele will assist you in your work with products and services that meet both customers and market requirements. Exactly tailored to your specific requirements, we can suggest alternative solutions with regard to technology and price.

*"You can choose from a  
giant furniture and hardware  
fittings product range"*

Our standard product range includes more than 50,000 items; all contained within the volumes of "The Complete Hafele" catalogues. Our contacts to customers of all types and fields such as planners on building sites, designers and manufacturers, ensure that our product range is always at the cutting edge. We also observe current market trends in the residential and equipment sectors and orient our products range accordingly.

*"You can count on  
fair prices."*

Hafele can offer you reasonable prices because we practice rational manufacturing in our factories and purchase in large quantities worldwide.

*"We deal with your orders  
carefully and speedily"*

As a customer you have the right to rapid, reliable delivery. This is taken care of by our sales companies, sales offices and our main warehouse and distribution center. Majority of our products are kept in stock.

*"You will achieve  
the best results  
with Häfele"*

Hafele gives you the peace of mind of having top quality in all areas. Quality assurance therefore goes without saying at Hafele and undergoes continuous further development. This is the only way for us to achieve the high quality standard that you can trust in every respect - regardless of the products that you decide to buy.

*"You will save time and  
costs by obtaining your  
requirements from Häfele"*

Nowadays all potential has to be exploited: Optimizing your procurements, reducing costs and increasing efficiency. Concentrate on furniture and hardware fittings from the provider that gives you the complete products range and the best know-how: Concentrate on Hafele, your partner for furniture and hardware fittings and more.

Dear Customer,

I am very proud to be able to present you with the 18<sup>th</sup> edition of our Furniture Fitting's Catalogue. As you can see it comes in a much handier format and is structured clearer so that you can find the fitting you are looking for easier and faster. You will find a lot of new and exciting fittings in this new catalogue - the majority of which are now available ex stock in our Logistics & Distribution Centres located in different parts of South Asia. These are attractive, hard wearing and reliable products which will make your building look

good and which will perform their function well for many years to come - we guarantee it!

The Furniture Industry has grown rapidly in the last few years. We at Hafele have understood the growing needs of the furniture industry and have taken up the challenge to be the best suppliers of quality fittings and accessories, which are not only aesthetically beautiful but give our customers the functionality that they need.

Hafele India has grown beyond our wildest dreams with regional offices and design showrooms in all major metros in India. The company also has an established presence in Sri Lanka and Bangladesh by way of branch offices and Design Showrooms; and runs operations in other regions of South Asia like Bhutan, Nepal and Maldives. Our employee base has only multiplied in the last few years with a competent sales presence across South Asia. We will continue to grow our team in the coming years to provide better and more services to our customers.

So please enjoy this handy guide for quality hardware fittings and let us have any recommendations in regard to products which you want us to add or any other improvements you would like to see in the services we provide.

As always the HAFELE Team is looking forward to being at your service

Warmest regards

Jürgen Wolf

Managing Director

Häfele South Asia

# HÄFELE

One Stop Shop

Amidst the chaotic yet fast growing hardware market; Häfele stands apart as a complete solution provider and not just a brand that sells hardware. We introduced related product segments like lighting, appliances, bathroom fittings and home surfaces to our customers so that they could get everything from one source and at their expected standards of quality and functionality. Today, these are established product verticals that are contributing to our Brand image of a "complete solution provider" by each passing day.

This proposition of being a "complete solution provider" is strongly backed by our service-oriented approach which includes anything from designing (in case of kitchens and wardrobes) to technical advice, hardware scheduling, training, warranties and most importantly after-sales support. This allows us to walk the length of the entire project duration by aiding and supporting our customers at every stage. We can execute the most abstract solutions in any interior space by integrating functionality with cutting-edge designs, ably backed by our unified service network to ensure continued support.

## About Hafele India

Häfele India is a wholly-owned subsidiary of the Häfele Global network and has been operating in India since 2003 under the leadership of Mr. Jürgen Wolf (Managing Director). The ability of the company to understand the diverse Indian market has made it an authority in the field of architectural hardware, furniture and kitchen fittings and accessories. The company also has a strong presence in synergized product categories namely Home Appliances, Furniture Lighting, Sanitary and Surfaces catering to the focused demand from these industries.

The subsidiary has a strong nation-wide presence with offices in Mumbai, Pune, Ahmedabad, Bangalore, Chennai, Hyderabad, Delhi, Kolkata and Cochin. It has full-scale operations in Sri Lanka and Bangladesh with Regional offices and Design Showrooms in both the countries; and has also spread its operations to other regions of South Asia including Nepal, Bhutan and Maldives.

Häfele's design showrooms are hubs of international home interior trends and cutting edge designs presented in a world-class environment, where customers can see home solutions in their inherent applications. These showrooms function as a one-stop-shop for all home interior and improvement needs - from providing in-depth technical advice to kitchen and wardrobe designing services through a team of experts stationed at the showroom.

Häfele India services its customers with a base of over 1300 employees, a well-networked Franchise base of over 130 shops along with over 1000 dealers situated across South Asia. The subsidiary has a sophisticated Logistics centre in Mumbai along with distribution centres in Delhi, Bangalore, Kolkata and Colombo respectively.

Living spaces are characterized by individual tastes, styles and aspirations. They reflect popular, contemporary trends and yet, are specific to individual requirements. Häfele, the Home Interiors Specialist Brand, constantly strives to introduce innovative and new interior functionalities that cater to all areas of the home - right from the main and internal doors to the different corners of the living room, bedroom, kitchen and bathroom - ensuring a seamless transformation of non-functional spaces into truly functional zones.

Through this catalogue you will be introduced to a host of Häfele solutions to assist you in making your lifestyle choices with an educated sensibility. We have a solution for every corner of your home - functionality for a lasting experience and design for an elegant look.

Over the years, Häfele has established itself as a leading manufacturer and supplier of fittings and accessories with focus on product development and service enhancements to ensure that all customer requirements are met with specific solutions. Our in-house brands (as listed below) have become leaders in their respective categories, epitomizing functionality, quality and design.

## 360 Degree Project Services:

Globally, Häfele has created a strong international position as a "360 Degree Project Management Partner" with independent International Project Sales Offices deployed in the U.S. (North America), Germany (Europe) and Singapore (Asia). These Sales set-ups are constantly in touch with renowned Architects, Designers and Project Consultants from across the world and have the technical competencies to handle major International projects.

We offer complete services to these projects from accurate product specifications and efficient sales to adept installation guidance and support. This allows us to walk the length of the entire project duration by aiding and supporting our customers at every stage.

This global technical competency along with an in-depth understanding of international market trends forms the basis of our holistic service approach in South Asia. We can execute the most abstract solutions in any interior space by integrating functionality with cutting-edge designs; and this proposition is ably backed by our unified service network to ensure continued support.

## Technical information for Hinges

### Mounting pattern of hinges

**Mounting methods:** Generally there are 3 types of mounting.

**Full overlay methods:** Recommended for flush doors

**Half overlay mounting:** Recommended for rebated doors

**Inset overlay mounting**

### Choice of mounting plate

**Example:** With door overlay of 10mm and distance to the cup of 3mm, a mounting plate with distance 6mm has to be chosen.

Door overlay	1	2	3	4	5	6	7	8	9	10	11	12	13	14

## Technical information for Hinges

**Recommendation with regard to the number of concealed hinges to be used per door panel:**

The number of concealed hinges per door depend on

- a) door width
- b) door height
- c) door weight (kg) &
- d) door material (type of wood used)

**Example:** 3 concealed hinges have to be mounted on a door panel with a height of 1500 mm and a door weight of 9-12 kg, keeping in mind the door width of 500mm

Should the width increase then the number of hinges to be used will be 4 pieces.

Door weight in Kg	4 - 5	6 - 9	10 - 15	16 - 22
Door width in mm	500	500	500	500
2500				

The number of furniture hinges shown in the diagram is just a recommendation though a fitting test is required.

**Recommendation for normal furniture hinges like the BUTT and ROLLED hinges per door panel:** This depend on

- a) door width
- b) door height
- c) door weight (kg) &
- d) door material (type of wood used)

**Example:** 2 furniture hinges have to be mounted on a door panel with a height of 900 mm and a door width of 600mm considering a thickness of 19mm

Eg. Two furniture hinges are recommended for a door height of 900mm

The number of furniture hinges shown in the diagram is just a recommendation though a fitting test is required.

## Thick Door Metalla Soft Close Hinge

3

**Specifications:**

- Material: Mild Steel
- Finish: Nickel Plated
- Anti Corrosion testing: Cleared 48 hours of salt testing
- Material Certification: TUV Certified
- Cycle Testing: Passed 40,000 Cycle test
- Opening Angle 95°
- Thickness of Hinge Cup 14.2 mm
- Diameter of Hinge Cup 40 mm
- Door Thickness 18-40 mm
- Drilling Pattern 52/7.5 mm

**Finish: SS Polished**

Article No.	Overlay

## DUO Forte

**Flap Stays / Duo Forte**

- **Opening angle:** 75°, 90° or 110° (with different opening angles of hinges)
- **Mounting:** For left and right hand use
- The Flap locks in any position and it stops in end position when released by slight pressure
- Can be mounted on wooden door flaps and for door flaps with aluminum frame
- Gentle push helps in opening and closing of the Flap/Cabinet Door
- Made of Zinc alloy and the mounting bracket are made of steel
- Flap weight bearing capacity is from 3kg - 15kg

**Flap Height:** upto 700mm

**Area of application:** Also suitable for use as flap stays.  
Opening angle: 75°, 90° or 110°

**Material:** Stay: Zinc alloy  
**Mounting bracket:** Steel  
**Finish:** Black, Nickel plated & White  
**Version:** With self mounting:  
For left and right hand use  
**Installation:** Without tools (clip mounting system)  
**Distance from edge:** 28 mm  
**Lock Function:**  
Locking: Flap locks in any position  
**Breaking function:** Flap locks in end position, release by slight pressure

## Libra H1 (Concealed overhead cabinet hanger)

7

## Cabinet hangers and Levellers

Dimensional data not binding. We reserve the right to alter specifications without notice.

Innovative family of concealed cabinet hangers

Resistant and reliable solution thanks to the sensibly thick zinc-coated steel body

Libra H1 is the unhandled version to be fixed behind the rear panel through three wood screws.

Independent vertical and in-depth adjustment to easily and quickly align the cabinet against the wall.

ANTI-TURNOVER device for domestic safety to guarantee fast locking of the cabinet against the wall plate.

Adjustments to be carried out from the inside of the cabinet through a hole covered with alternative designed and small cover caps.

Wide range of very thick and hardened new wall plates concept, as well as one type of wall bar, with optimized position of the fixing oval holes, to facilitate correct positioning and to reduce loading stress either on the wall plates/bar or on the plugs

Capacity loading 75 Kilos per piece (150 Kilos per pair)

Steel, zinc alloy and plastic according to related version

In accordance with the European Regulation DIN 68840

Service gap 15mm behind back panel
